

# Aryan Kumar Maurya

Backend Developer

aryanmaurya314@gmail.com

7355291045

Lucknow, India

linkedin.com/in/aryanmaurya314

I would like to be a part of a value-driven organization where working in a team I can contribute to the changing technological landscape of the company.

## EDUCATION

- BTech in Electrical Engineering**  
Madhav Institute of Technology & Science  
2017 - 2021

## PROJECTS

### CRM Backend

- **GitHub Link** : <https://github.com/aryanmaurya314/CRM-BACKEND.git>
- **Tech stacks** : Nodejs, MongoDB
- This CRM app has ticket resource, user resource with all the CRUD APIs and is integrated with the notification service app.

### Notification App Backend

- **GitHub Link** :- [https://github.com/aryanmaurya314/notification\\_app.git](https://github.com/aryanmaurya314/notification_app.git)
- **Tech stacks** : Nodejs, MongoDB
- This app is used to send email notifications.

### Job Portal Backend

- **GitHub link** :- <https://github.com/aryanmaurya314/JOB-PORTAL-BACKEND.git>
- **Tech stacks** : Nodejs, MongoDB
- This repository contains all the files to create a website like naukari.com. A person can search and apply for a job and a company can post a job also.

### Portfolio Website

- **GitHub link** :- <https://github.com/aryanmaurya314/portfolio-js.git>
- **Tech stacks** : HTML, CSS & JavaScript
- **Demo link**:- <https://aryanmaurya314.github.io/portfolio-js/>

### Notes App

- **GitHub link** :- <https://github.com/aryanmaurya314/Magic-Notes.git>
- **Tech stacks** : HTML, CSS & JavaScript
- The UI of this app is built using bootstrap. A user can add, delete and read notes.
- **Demo link** : <https://aryanmaurya314.github.io/Magic-Notes/>

## SKILLS

NodeJs ExpressJs MongoDB mySQL

JavaScript HTML & CSS C++

Intermediate DSA coder Problem solving

REST APIs

## EXTRA-CURRICULAR ACTIVITIES

### Project : Control computer with hand gestures

*We have implemented a simple Arduino based hand gesture control where you can control a few functions of your web browser like switching between tabs, scrolling up and down on web pages, shifting between tasks (applications), play or pause a video and increase or decrease the volume (in VLC Player) with the help of hand gestures.*

### Tutor at Chegg and Ghar pe shiksha

*I have taught many students of senior secondary students.*

### ISTE Students' Chapter

*Volunteered around a number of events and workshops as being part of ISTE Students' Chapter in the college.*

### Organizing Member of TEDx event

*Participated as an organizing member of TEDx event held in MITS college.*

## CERTIFICATES

### Backend Development by Relevel, Unacademy

*I have learned web development backend in NodeJs, databases mongoDB, mySQL, along with modern libraries and frameworks.*
